MESSAGE FROM THE PRINCIPAL

Dr. S. Jimson. MDS, FDS RCPS (Glasg)
Principal

Dear Students and Faculty Members,
Greetings!

As we move forward with the academic year, we would like to take this opportunity to communicate with you all and share some important updates.

Firstly, we would like to extend our warmest congratulations to all the students who have successfully completed their undergraduate and postgraduate programs at Sree Balaji Dental College & Hospital. We are proud of your achievements and wish you all the best in your future endeavours.

For those continuing their studies, we urge you to stay focused and motivated towards your academic goals. Our college has a rich legacy of providing quality education, and we are committed to maintaining the same standards in the years to come. We encourage you to make the most of the opportunities that come your way and strive towards excellence in your respective fields.

To our esteemed faculty members, we would like to express our gratitude for your dedication and hard work towards shaping the future of our students. Your contributions are invaluable, and we appreciate your efforts in maintaining a conducive learning environment.

We would also like to inform you that our college has adopted various measures to ensure the safety and well-being of our students and staff members in light of the ongoing pandemic. We urge you to continue following the guidelines and protocols put in place by the college and government authorities to help prevent the spread of COVID-19.

In conclusion, we would like to reiterate our commitment to providing a holistic and enriching educational experience to all our students. We believe that with your support and cooperation, we can overcome any challenges and continue to achieve new milestones.

Regards
Dr. S. Jimson

EVENTS

WORLD ENVIRONMENTAL DAY

Dr. Sumathi Jones, Professor & Head of Pharmacology and team organized a Guest Lecture on "Environmental Health" - on 6 October 2022 by Dr. Veenu Joon who is a Joint Director/Scientist in the Ministry of Environment, Forest and Climate change. She was dedicatedly involved in various Research and Evaluation studies in the area of health system research. She had also received World Health Organization Fellowship on "Community Healthcare & Research" in 2009. She mainly focused on the factors and conditioned systems that contributed to worsening the environmental health. She also added various ways for Preservation, Conservation and Protection of our environment by regulatory measures through upcoming policies and programs.

It was an enlightening and awakening lecture that is very much needed in this current scenario of global warming and climate change. As always, we are thankful for making this happen to Chairperson Dr. Srinisha; Registrar (BIHER) Dr. Bhuminathan; and participation of our Principal Dr. S. Jimson for the success of the event.
