SPEAKER

Dr. Hema Ramamurthi, MBBS, MS, MBA,

Dr. Hema Ramamurthi, MBBS, MS, MBA, is a Research Associate in the Department of Epidemiology in the Bloomberg School of Public Health, Johns Hopkins University. Dr. Ramamurthi is an alumna of the TN Dr. MGR

Medical University, Chennai, Texas Woman's University, and Johns Hopkins University, USA. Dr. Ramamurthi has a research career spanning over 20 years. She has directed research studies that aim to investigate best practices to intervene and prevent infectious and chronic diseases including HIV risk reduction, self-management of hypertension and epidemiological studies of chronic obstructive pulmonary disease. She has recently shifted her focus to investigating the role of technology in aging and age-related issues including frailty, social isolation and loneliness.

Today her presentation is titled, "Understanding the Research Process". She will share her expertise about the various phases of a research project and provide an example from her own work in understanding differences in smoking behaviors before and during COVID.
